Such use shall be prima facie evidence of the intention to represent oneself as engaged in the practice of veterinary medicine.

SECTION 2. Tennessee Code Annotated, Section 63-12-103, is amended by adding the following as new, appropriately designated subdivisions thereto:

() “Consultation” means when a licensed veterinarian receives advice in person, telephonically, electronically, or by any other method of communication, from a veterinarian licensed in this or any other state, or other person whose expertise, in the opinion of the licensed veterinarian, would benefit a patient. Under all circumstances, the responsibility for the welfare of the patient remains with the licensed veterinarian receiving consultation; and

() “Veterinarian-client-patient relationship” means:

(A) The veterinarian has assumed responsibility for making clinical judgments regarding the health of the animal and the need for medical treatment, has obtained informed consent, and the client has agreed to follow the veterinarian's instructions;

(B) The veterinarian has sufficient knowledge of the animal to initiate at least a general or preliminary diagnosis of the medical condition of the animal;

(C) The veterinarian has seen the animal within the last twelve (12) months or is personally acquainted with the keeping and care of the animal, either by virtue of an examination of the animal or by medically appropriate visits to the premises where the animals are maintained within the last twelve (12) months;

(D) The veterinarian is readily available or has arranged for emergency coverage for follow-up evaluation in the event of adverse reactions or the failure of the treatment regimen;

(E) The veterinarian must maintain medical records as required by the board of veterinary medical examiners; and

(F) The veterinarian-client-patient relationship cannot be established or maintained solely by telephone or other electronic means.

SECTION 3. Tennessee Code Annotated, Section 63-12-133(a), is amended by deleting subdivision (2) in its entirety and by substituting instead the following:

() The use of any manual procedure for the testing of pregnancy in bovine animals when performed by a farmer as defined in § 67-6-207(e)(1),(3),(4) and (5), only if:

(A) Such farmer testing for pregnancy is not compensated by the person who owns such animals, other than by the exchange of services for or the use of equipment by such farmer performing the pregnancy test; and

(B) The results of such testing are for the owner's use only and not to affect commerce.
